(+234)813-291-3298 oluwapelumiadeyemo72@gmail.com

10, Daudu Street, Ishaga, Lagos State, Nigeria.

SUMMARY

Highly skilled full stack developer with 2+ years of experience creating responsive and user-friendly web applications. Proficient in React, JavaScript, HTML, CSS, Node.js, Docker, express.js, jest, mongo DB, PostgreSQL and related technologies. Proven ability to work collaboratively in a team environment and deliver high-quality code on time. Seeking a challenging role as a mid-level full stack developer in a dynamic organization.

WORK EXPERIENCE

Decagon Institutes ,Nigeria
Full stack Engineer   April 2023 to Present

- Develop and maintain web applications using Node.js on both the front-end and back-end. This includes writing server-side code, implementing client-side functionality, and ensuring seamless integration between the two.
- Build user interfaces (UI) and user experiences (UX) using modern web technologies such as HTML, CSS, and JavaScript. Implement responsive designs and ensure cross-browser compatibility.
- Design and implement server-side logic using Node.js. This includes handling HTTP requests and responses, implementing RESTful APIs, managing data persistence through databases, and handling server-side security.
- Work with databases such as MySQL, MongoDB, or PostgreSQL. Design database schemas, write efficient queries, and ensure data integrity and security.

Continus inc.
Frontend engineer   November 2021 to January 2023

- Created JavaScript functions and methods to perform specific operations in the app already done by the senior developers.
- Created most of the user interfaces for the web applications using HTML, CSS , Bootstraps and React Js .
- Fixed and documented minor JavaScript bugs reported in the applications by the testing team.
- Performed most of the research for the team.

Telemarketer.
Rock Financials Limited | February 2021 to September 2021

- Contacted prospects after initial meeting via phone calls and emails to add them to the sales pipeline.
- Conducted research on potential clientele and cold calls to initiate the outbound sales process.
- Conducted outbound cold calls to potential customers, an average of 100 calls a day, to gain interest in the organization's services
- Pitch to potential clients, promote the company's products and services and answer questions
